How does rain illustrate God's living story? Reflect on all you've learned.

Here are some additional questions to ignite your curiosity and imagination:

- Why do you think God made the water cycle? Brainstorm other things God created that are cyclical. What does that teach you about the nature of God?
- God created some things to rain down and others to spring up. Make a list of things that God created that spring up. Also, ponder Jesus' ascension and descension.
- How is the pouring out of the Holy Spirit and "times of refreshing" illustrated by rain? What condition does our heart need to be in for the Holy Spirit to penetrate? What is our role in "pouring out" to those around us?
- It is during the most severe droughts, and thirst is unbearable, that rain is most appreciated. Why do you think God allows for spiritual droughts to occur?
- Like all other symbolic illustrations of God (fire, sun, wind, etc.) rain can be both nourishing or harmful. Why do you think both are always represented?
- In God's multi-layered story, everything physical has a spiritual parallel. Try to explain the entire planting cyclical process from a spiritual perspective.
